

JULY 31, 2009
ANNUAL REPORT

To the Delegates in annual session;

It's been a very busy year in District 2. I held seven District meetings in five different associations. Having to Host the State Jamboree, the District Challenge, and the State Tournament all in 1 year. Led us to have a vary interesting year. These activities not only allows us to interact with each other, but also being in the different areas throughout the District encourages more representation from other associations.

Some of District 2's activities and accomplishments include:

- The District was able to support itself with a little help from the Local Association.
- Once again District 2 hosted the 9th Annual District Challenge at Camelot Lanes in Portage IN..This year's winning Association was the GCA USBC BA. #1Which has won the last 4 out of 5 years the teams members are Mike Kozy,Ron Johnson,Timm Sieber, Dave Bohlin,and Erik Howard. District 2 has won this Tournament 5 out of 6 years running
- District 2 would also like to thank the IBA for their \$500 donation to the Challenge and their contiguous support this year with the same donation plus an additional donation of a Storm Bowling ball.
- Our Northwest USBC BA did a "GREAT" job in Hosting the 2009 IS USBC BA State Tournament.
- We're encouraging working with other associations to share information and assure they were consistent in our attempts at making our District the top District in the state.
- We strongly supported the Jamboree, State Tournament and District Challenge.
- I would like to give a "BIG THANK YOU" to both BA, WBA,and the Merged Associations for all there help in running the State Jamboree, and the District Challenge.
- I would like to thank the 5 Associations for hosting the District meetings this year, Michigan City,Duneland,Quad County, Northwest, and GCA USBC BA.
- See you all next year for the 10th District Challenge in District #2

I would also like to say JOB-WELL-DONE once again to all the Associations. In the District without your support we would be lost. We set the bar high and achieved are goals!!!!

I am looking forward to continuing our progress with my District 2 Associations. Working together, we can make District 2 one of the strongest Districts of the Indiana State USBC BA..

Respectfully submitted

Mike Kozy
District 2 Jurisdictional Director
